

Tyler, Ryan, and others like them need your help.

They need to find people whose tissue type matches their own so they can receive a life-saving marrow transplant.

They need to find someone like you, willing to become a marrow donor.

Please sign up to join the NMDP Registry of volunteer marrow donors. If you are ever found to match a patient in need, you could save a life.

It's easy to join the NMDP Registry!

You must be between the ages of 18-60, meet the health guidelines, fill out a form, give a small blood sample or cheek cell swab and be willing to donate to any patient in need.

Minority donors urgently needed!

Patients are more likely to match donors of the same racial and ethnic heritage. More donors of all races and ethnicities are needed.

For more information or to sign up, contact Shawn Ramos at (916) 453-3719 or [shawn.ramos@bloodsource.org](mailto:shawn.ramos@bloodsource.org).
